

Our History

The NC Chapter of the American Society for Hospital Risk Management was formed in 1980. In 1982, the NC Chapter became an affiliate of the American Society for Hospital Risk Management of the American Hospital Association. Our name was changed in 1987 to the NC Chapter of the American Society for Healthcare Risk Management.

Our Mission

The mission of NC ASHRM is to provide a forum for the interchange of ideas through networking with other professionals in similar roles; receive current information on topics pertinent to the profession; provide educational opportunities of interest and programs to strengthen and promote professional development.

Our Purpose

The purpose of NC ASHRM is to advance the development and role of the professional practice of healthcare risk managers.

A professional membership group of the
American Hospital Association

Chapter Activities

Educational Offerings

NC ASHRM offers two 2-1/2 day conferences held annually in the Spring and Fall to help our members remain current with industry changes by featuring educational sessions conducted by nationally recognized speakers.. Webinars of pertinent topics of interest are held at least two times per year for members.

Participants earn continuing education credits for attendance.

Professional Development

NC ASHRM encourages professional growth and provides information and perspectives about issues which affect risk management professionals. Awards are given for outstanding achievement in the field. There are scholarships made available to assist with conference attendance and registration fees.
